

# Calcudoku 6×6

all operations — grades 5+

|     |     |     |     |    |     |
|-----|-----|-----|-----|----|-----|
| 16+ | 7+  |     | 2   | 6× | 11+ |
|     |     | 20× |     |    |     |
|     | 11+ |     |     |    |     |
| 24× | 6×  | 1-  | 30× |    |     |
|     |     |     | 72× |    |     |
|     |     | 2×  |     | 1- |     |

Fill the grid with 1–6. Each row and column has 1–6 once. The number in each thick-bordered cage is the result of the operation (all operations) on its cells.
