

coordinates & position

level 3: first quadrant

Name: _____

Date: _____

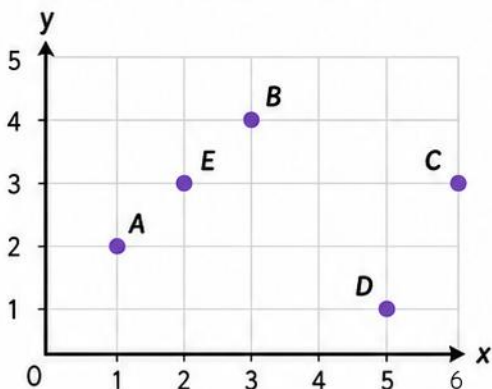

We use coordinates (x, y) to show position on a grid.

In the first quadrant, **x** (across) and **y** (up) are positive whole numbers.

1 Read the coordinates

Write the coordinates of each point.

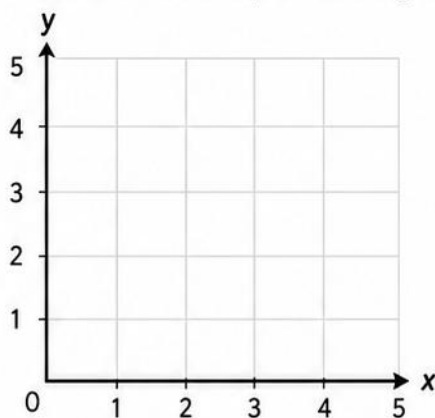

A (__, __) B (__, __) C (__, __)

D (__, __) E (__, __)

2 Plot the coordinates

Plot and label each point on the grid.

A (1, 4)

B (2, 1)

C (4, 5)

D (3, 2)

E (5, 3)

3 Match the coordinates

Draw a line to match each coordinate to the correct shape or treasure.

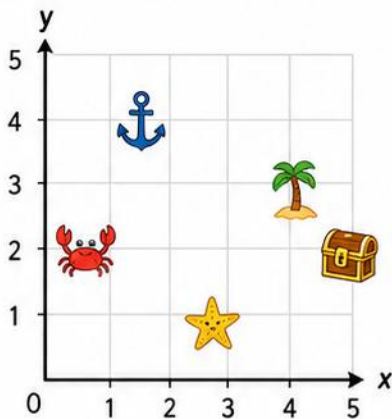

(1, 2)

(2, 4)

(3, 1)

(4, 3)

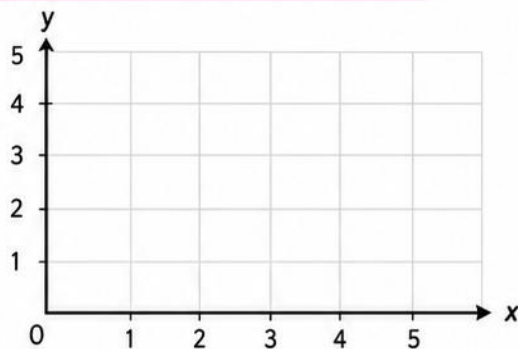

(5, 2)

4 Connect the points

Plot the points in order and join them with straight lines to reveal the picture!

(1, 1) → (2, 4) → (3, 1) → (5, 1) →
(4, 3) → (3, 1) → (2, 4) → (1, 1)

Great job exploring coordinates!
