

multiplication – level 2★

facts

1 equal groups

Count the equal groups. Write the multiplication.

$\square \times \square = \square$

$\square \times \square = \square$

$\square \times \square = \square$

2 arrays

Write the multiplication that matches each array.

$\square \times \square = \square$

$\square \times \square = \square$

$\square \times \square = \square$

3 multiply

Work out each multiplication.

$2 \times 5 = \square$

$5 \times 3 = \square$

$10 \times 4 = \square$

$2 \times 8 = \square$

$5 \times 6 = \square$

$10 \times 2 = \square$

4 match

Draw a line to match each multiplication to its answer.
