

money - level 5

dollars & cents

1 write the amount

Count the coins. Write the total in dollars.

a)   

= \$

b)      

= \$

c)     

= \$

d)    

= \$

2 compare the prices

Write <, > or = in each circle.

\$1.25 \$1.52

\$0.80 \$0.80

\$2.05 \$2.50

\$3.40 \$3.14

3 add the money

Add the money amounts.

\$2.35 + \$1.60 =

\$4.75 + \$2.20 =

\$6.80 + \$1.95 =

\$10.50 + \$3.45 =

4 challenge

1. A book costs \$4.50 and a pen costs \$1.25. How much for both?

2. Which costs more: a toy at \$3.05 or a game at \$3.50?
