

Data Recording Table

One column per variable. Put the quantity in the heading and the unit in the units row, then record bare numbers below.

Name _____ Date _____

What am I measuring?

Trial				
	units	units	units	units
1				
2				
3				
4				
5				
6				
7				
8				

What do I notice? Patterns, the biggest and smallest values, anything odd.
