

Name: _____

Date: _____

A Match each animal to its group.

1.  Dog • • A. Bird
2.  Robin • • B. Amphibian
3.  Goldfish • • C. Mammal
4.  Frog • • D. Fish

B Circle the mammals.

C Fill in the blanks using the word bank.

Word Bank

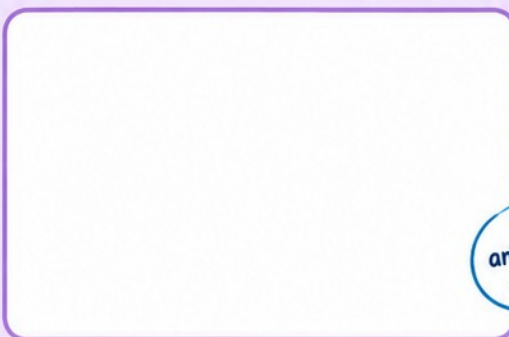

bird fish amphibian mammal

1. A dog is a _____.
2. A frog is an _____.
3. A robin is a _____.
4. A goldfish is a _____.

Great thinking!

D Challenge: Draw one more animal and say its group.

My animal is a _____.
It is a _____.

All animals are special!

A
BRIGHTER
WORLD
TOGETHER!

Elementary Science

Animal Body Coverings

LEVEL 2

Small Animals Big Wonders! ♥

Name: _____ Date: _____

Nature makes each animal special! ♥

A

Match each animal to its body covering.

1. Cat

•

• A wool

2. Bird

•

• B feathers

3. Fish

•

• C fur

4. Sheep

•

• D scales

B

Tick the correct body covering.

Turtle

☐ shell
☐ fur

Rabbit

☐ scales
☐ fur

Duck

☐ feathers
☐ shell

Fish

☐ feathers
☐ scales

C

Fill in the blanks using the word bank.

Word Bank

fur
feathers
scales
wool

1. Birds have _____.
2. Fish have _____.
3. Sheep have _____.
4. Rabbits have _____.

D

Explain: Why do body coverings help animals?

Think and write your ideas! ♥

Elementary Science

Vertebrates and Invertebrates

LEVEL 3

Backbones help us classify animals!

Look carefully at each animal.

Name: _____ Date: _____

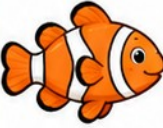

A Sort the animals.

Dog

Spider

Fish

Snail

Bird

Frog

Vertebrates

Invertebrates

Vertebrates have a backbone!

Invertebrates do not have a backbone!

B Match each word to its meaning.

1. Vertebrate

2. Invertebrate

3. Backbone

4. Exoskeleton

A. a hard outside covering

B. an animal with a backbone

C. bones running down the back

D. an animal without a backbone

Think about what each word means!

C True or False?

1. A spider is a vertebrate.

2. A fish is a vertebrate.

3. A snail has no backbone.

4. A frog is an invertebrate.

TrueFalse

TrueFalse

TrueFalse

TrueFalse

Different animals have different bodies!

D Explain: What is the difference between a vertebrate and an invertebrate?

All animals are amazing!

Topic 3: Animals | Worksheet 3

Elementary Science

LEVEL 4

Science
Explores
a Brighter
World!

Animal Classification Challenge

Different
animals.
Amazing
lives!

Name: _____ Date: _____

A Look at the animals and their clues.

Clues help us sort and classify!

Bat

- has fur
- feeds milk to babies
- can fly

Penguin

- has feathers
- lays eggs
- cannot fly

Shark

- has fins
- lives in water
- breathes with gills

Spider

- has 8 legs
- no backbone
- hard outside covering

B Fill in the table.

Use the clues to decide which group each animal belongs to.

Animal	Group	Evidence
Bat	_____	_____
Penguin	_____	_____
Shark	_____	_____
Spider	_____	_____

C Answer the questions.

Think about the clues and what you know about animal groups.

1. Which animal is a mammal? _____
2. Which animal is a bird? _____
3. Which animal is a fish? _____
4. Which animal is an invertebrate? _____
5. What feature helps you know a spider is an invertebrate? _____

D Challenge: What group would a dolphin belong to? Explain why.

I'm a
mammal
too!

Topic 3: Animals | Worksheet 4

Animals
Make Our World
Amazing!

A Match each animal to its group.

1. Dog 		A. Bird
2. Robin 		B. Amphibian
3. Goldfish 		C. Mammal
4. Frog 		D. Fish

B Circle the mammals.

 Cat	 Duck	 Horse
 Fish	 Rabbit	 Turtle

C Fill in the blanks using the word bank.

Word Bank:

mammal

amphibian

bird

fish

- A dog is a mammal.
- A frog is an amphibian.
- A robin is a bird.
- A goldfish is a fish.

D Challenge!

Draw or write the name of another animal and its group.

Whale - mammal

A Match each animal to its body covering.

1. Cat 		A. wool 
2. Bird 		B. feathers 
3. Fish 		C. fur 
4. Sheep 		D. scales 

B Tick the correct body covering.

 Turtle	☐ fur ☒ shell ☐ scales
 Rabbit	☒ fur ☐ feathers ☐ scales
 Duck	☐ fur ☒ feathers ☐ scales
 Fish	☐ fur ☐ feathers ☒ scales

C Complete the sentences.

1. Birds have feathers.
2. Fish have scales.
3. Sheep have wool.
4. Rabbits have fur.

Animal coverings help them survive!

Well done!

D Write a sentence about why animal body coverings are important.

Body coverings help animals stay safe, warm, dry or protected.

Animals are amazing!

Small coverings. Big adventures!

Elementary Science

Vertebrates and Invertebrates

LEVEL 3

ANSWER SHEET

Name: _____ Date: _____

A Sort the animals.

Vertebrates

Dog

Fish

Bird

Frog

Invertebrates

Spider

Snail

B Match each word to its meaning.

Vertebrate

Invertebrate

Backbone

Exoskeleton

A a hard outside covering

B an animal with a backbone

C bones running down the back

D an animal without a backbone

Fantastic!

C True or False. Tick the correct answer.

- | | | |
|-------------------------------|---------------------------------------|--|
| 1. A spider is a vertebrate. | ☐ True | ☒ False |
| 2. A fish is a vertebrate. | ☒ True | ☐ False |
| 3. A snail has no backbone. | ☒ True | ☐ False |
| 4. A frog is an invertebrate. | ☐ True | ☒ False |

Great Job!

D Write a short answer.

Use the words to explain the difference between a vertebrate and an invertebrate.

A vertebrate has a backbone. An invertebrate does not have a backbone.

Well Done!

Keep Learning! ♥

Topic 3: Animals | Answer Sheet 3

Science Rocks!

Excellent
classification!

Animal Classification Challenge

ANSWER
SHEET

Name: _____

Date: _____

A

Here are the animal clue cards from the worksheet:

Bat

Penguin

Shark

Spider

B

Complete the table. Here are the correct answers:

Animal	Classification Group	Key Features
Bat	Mammal	has fur and feeds milk to babies
Penguin	Bird	has feathers and lays eggs
Shark	Fish	has fins and gills
Spider	Invertebrate	has no backbone and has an exoskeleton

C

Answer the questions. Here are the correct answers:

- Which animal is a mammal? **Bat**
- Which animal is a bird? **Penguin**
- Which animal is a fish? **Shark**
- Which animal is an invertebrate? **Spider**
- What feature helps you know a spider is an invertebrate? **It has no backbone.**

Well done!
You know your
animal groups!

D

Write a short explanation. Here is a model answer:

A dolphin is a mammal because it breathes air, has babies, and feeds milk to them.

Different
animals.
Amazing world!
